

Mid early maize - FAO 300/310

Single Cross Hybrid, Flint/Dent Grain
PANAM's Genetic – Registration in European catalog

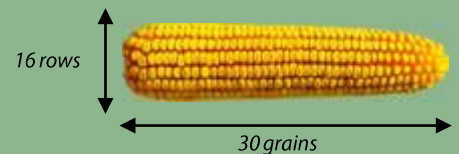

CARACTERISTICS

Plant Height: 9 (*Very high*)
Ear Height: 5 (*Balance*)
Seedling Vigor: 9 (*Very good*)
Lodging resistance: 7 (*Good*)
Stav green: 8 (*Good*)

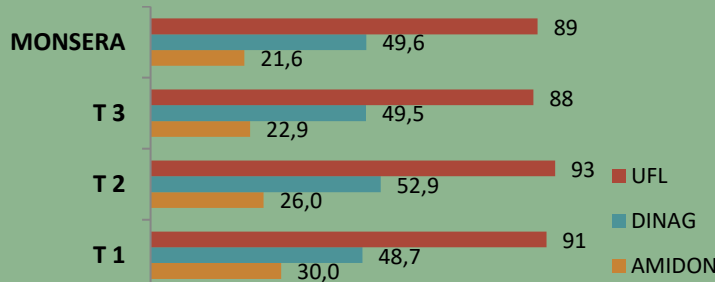

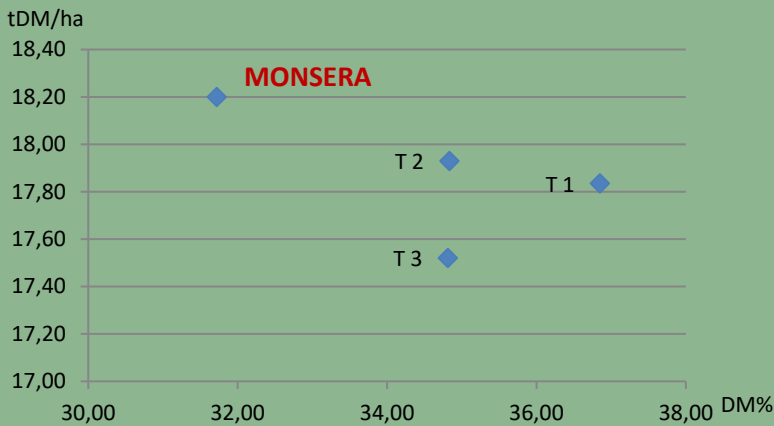

Growing degree days (Base 6)

Flowering	940-960 °C
Silage (32% DM)	1520-1540 °C
Grain (32% H2O)	1790 - 1810 °C

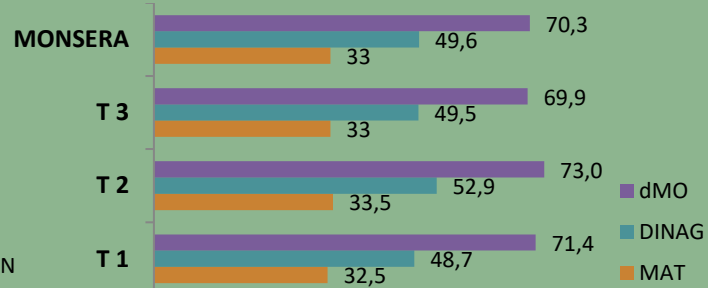

**High plant
Super look
High vegetative development**

TECHNICAL RESULTS

**Excellent quality value
Balance DINAG/Amidon**

Sowing density: from 90 000 to 100 000 grains/ha
