

Mid early maize - FAO 310-320

Single cross hybrid – Flint/dent grain
PANAM's Genetic – Registered European catalog

CARACTERISTICS

Plant Height: 7,5 (Medium to High)
Ear Height: 6 (Medium)
Seedling Vigor: 9 (Excellent)
Lodging resistance: 8 (Good)
Stay green: 8,5 (Good)

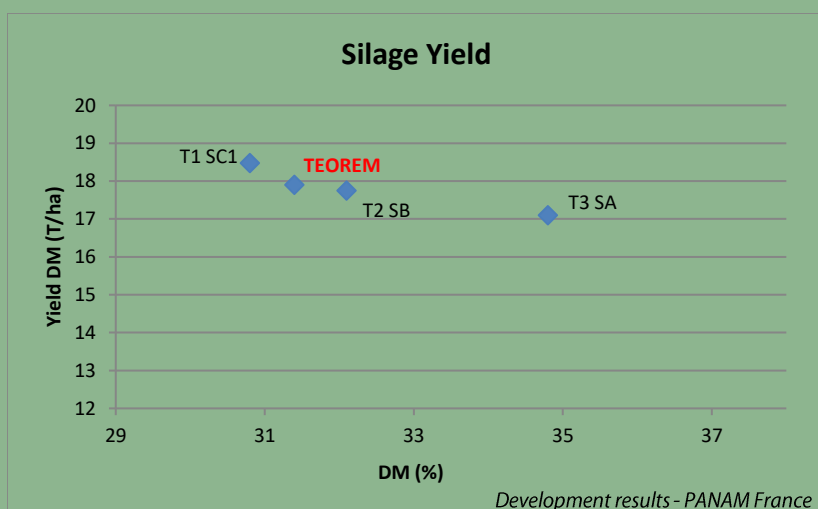

Large plant
Excellent seedling vigour
Good stay green

Growing degree days (Base 6)

Flowering	860-880 °C
Silage (32% DM)	1470-1490 °C
Grain (35% H2O)	1690 - 1710 °C

TECHNICAL RESULTS

Sowing density advised: - for grains: from 90 000 to 100 000 grains/ha
- for silage: from 100 000 to 105 000 grains/ha

Ears with few black grains
